TO: CONTRACTOR YOUR SUBMITTAL HAVE BEEN REVIEWED AND GIVEN THE APPROVAL CATEGORY AS NOTED ABOVE:

Code (B): Approved as Noted

REMARKS: - Refer to the Contractor/supplier compliance statement on the Engineer comment of previous revision of the same submittal.

- Activated carbon filters to be added for all ecology unit except for KEF-H-L06-01, and proper coordination to be performed to accommodate.

- The control features mentioned in the technical specification shall be provided.

- Sequence of operation to be submitted for the Engineer approval including fire safety precautions in relation to the fire alarm system and MEP equipments.

- Fire suppression of the Kitchen Hoods shall be interfaced with the gas leak detection and electrical supply to equipment under the Hood to isolate these should the suppression system be activated.

- Permanent access must be provided to the fire damper.

- Warranty period shall be for 10 years including spare parts and labor.

- The Contractor shall maintain the noise level as per the Project acoustic report values and implementing whatever is required to achieve it.

Correction of comments made with in this submittal during reviews, does not relieve the Contractor from compliance with the requirements of the contract conditions, drawings and specifications. This check is only for review of general conformance with the design concept of the project and compliance with the information given in the contract documents. The Contractor is responsible for confirming and correlating all dimensions, selecting fabrication process and techniques of construction, coordinating his work with that of other trades, and performing his work in a safe and satisfactory manner.
